

Lilly Zahnnow

Digital Songbook

To recognize the collective heritage within Girl Scouting and the importance of passing this heritage down to the next generation, Lilly collaborated with over 15 Girl Scout councils across the nation to create a Digital Songbook collection of camp song lyrics, rhythms, and other regional differences. Lilly achieved the Girl Scouts' highest accolade by showcasing 10 years of essential teamwork, communication, and organizational skills acquired within the organization to creatively promote cultural memory and inclusivity. Lilly measured the success of her project by conducting Girl Scout focus groups to discuss the impact, effectiveness and ease of use of her database. Lilly is a graduate of Notre Dame Preparatory High School in Scottsdale. Lilly currently attends the University of Texas at Austin and is pursuing a degree in Theatre Education.
