

Madeline Wilson

Sharing the Love

After learning about the comfort that dolls bring to memory care patients, Madeline was determined to make a kind and thoughtful gesture that brought joy to the elderly community. She delivered comfort dolls to a local memory care facility and presented a slideshow featuring images of key landscapes and landmarks, sparking memories and conversations between patients, caregivers, and family members. Upon finishing her Gold Award project, Madeline received an outpouring of positive feedback. Several staff members noted that patients appeared more engaged and relaxed, with some even sharing fond memories of the places featured in the slideshow. This project highlights Madeline's 12 years of Girl Scouting, which have played a key role in its success, allowing her to give back to her community and help them reconnect with or rediscover cherished memories.
