

# Naeha Ravikumar

## *Back to Nature*

A love for wildlife and the outdoors empowered Naeha's mission to support Liberty Wildlife's outreach programs. After learning about the organization when she came across an injured bird, Naeha dedicated her project to the livelihood of all species especially those under the care of Liberty Wildlife. To reduce the number of endangered species and those at risk of becoming endangered, she took action to raise public awareness about the urgency of the issue, collaborating with staff. She also constructed four benches for outdoor use during programs and filmed a video showcasing some of the animals at Liberty Wildlife. While working on her Gold Award project, Naeha learned how to organize and manage high priority tasks all while being a student and part time employee. Her commitment to raising awareness about wildlife conservation, along with her 10-year journey as a Girl Scout, has taught her that no change is too small to make a difference and improve the communities around us.
