

Work with your troop leader to fill in the blanks below. Then, share your work with your troop!

BALANCE REPORT

A bank account “balance” is the amount of money in the account.

- » Last month, the balance of our troop account was \$_____.
- » This month, the balance of our troop account was \$_____.

We have \$_____ MORE or LESS (CIRCLE ONE) money in our account this month than we did last month.

WITHDRAWAL

When money comes OUT of your bank account, it’s called a withdrawal. Review last month’s bank statement with your leader. For each withdrawal, find out:

1. How much did it cost?
2. Who received this money?
3. Why did we need to spend it?

Then, pick 3 withdrawals to share with your troop.

DEPOSITS

When money comes IN to your bank account, it’s called a deposit. Review last month’s bank statement with your leader.

For each deposit find out:

1. Why did we get this deposit?
2. How much was it?

3. How was it paid? (cash, check, etc...)

BUDGET

A budget is a plan for future spending. It's important to have a budget so you can balance your income (money you get) and expenses (money you spend).

WHAT WILL WE SPEND NEXT MONTH?

EXPENSE	AMOUNT
BUDGET FOR THE MONTH	

Talk with your troop leader about the money your troop will need to spend next month. List the expenses below, and then add them up to determine your monthly budget. Be sure to include an allowance for "miscellaneous" in case an expense comes up that you didn't foresee.

SOURCE OF INCOME	AMOUNT
TOTAL INCOME FOR THE MONTH	

WHAT WILL WE EARN NEXT MONTH?

Talk with your troop leader about the money your troop expects to earn next month. List the ways you plan to make money below, and then add them up to determine your expected monthly income.

BALANCE YOUR BUDGET

You just determined how much your troop expects to earn and spend next month.

- » Which number was higher?

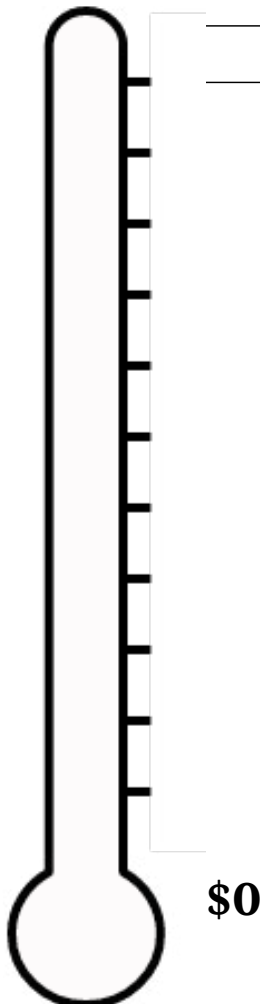

- » If the expenses were higher, how can you spend less money as a troop?

- » If the income was higher, how can you save some of that extra money to use in the future?

OUR TROOP GOAL

- » We are raising money for: _____
- » Total amount we need: _____
- » How much we have so far: _____
- » How much more we need: _____

Use the thermometer to the left to show your troop how close they are to reaching their goal!
