Wellpoint Choose Kindness Bullying
Prevention Patch**

The purpose of the Wellpoint Choose Kindness Bullying Prevention Patch is to provide girls the tools and resources to maintain health and overall well-being in their lives

Steps to Earn the Wellpoint Choose Kindness Bullying Prevention Patch

Girl Scouts is the premier girl leadership development program—girls have fun with a purpose! All activities are girl-led, and girls should decide what activities to complete when earning a Patch Partner Initiative (PPI) patch. In the spirit of Girl Scouting, girls may choose to participate in activities that are not listed in the booklets and/or supplements.

If girls complete the minimum required number of activities based on the theme of the PPI, they have earned the PPI patch.

Step One:

1. Read through the Activities
2. Think about what you would like to do
3. Choose 3 out of the 4 Units
4. Complete 2 Activities from each unit you chose (total of 6 activities)

Step Two:

1. Fill out the [*GSACPC Choose Kindness Bullying Prevention Patch form*](#).
2. Email our council's Girl Program Team at gp@girlscoutsaz.org if you need support with the form.

Step Three:

1. Receive your Wellpoint Patch!

The Girl Scout Leadership Experience

Girls at every level of Girl Scouting participate in “*leadership experience*.” A *leadership experience* is an exciting way of working with girls in a series of themed activities focused on building leadership skills. By enlisting the three keys to leadership (*Discover*, *Connect*, and *Take Action*) girls learn that they can take the lead to make a difference in their community and the world. The three keys are at the heart of the Girl Scout philosophy of leadership:

Discover

Girls understand themselves and their values and use their knowledge and skills to explore the world.

Connect

Girls care about, inspire, and team with others locally and globally.

Take Action

Girls act to make the world a better place.

It’s not just “what” girls do, but “how.” When girls are engaged that creates a high- quality Girl Scout leadership experience. All Girl Scout experiences are built on three processes (*Girl-Led*, *Cooperative Learning*, and *Learning by Doing*) that make Girl Scouting different from school and other extra-curricular activities. When used together, these processes ensure the quality and promote the fun and friendship so integral to Girl Scouting.

Girl-Led

Girls play an active role in the planning and implementation of activities while adults provide age-appropriate facilitation, ensuring that planning, organization, set-up, and evaluation of all activities are done jointly with the girls.

Cooperative Learning

All members of a group work together towards a common goal that can only be accomplished with the help of others.

Learn by Doing

A “hands-on” learning process that engages girls in cycles of action and reflection resulting in deeper understanding of concepts and mastery of practical skills.

When Discover, Connect, and Take Action activities are girl-led and involve learning by doing and cooperative learning, girls achieve the desired and expected leadership outcomes ultimately resulting in Girl Scouting achieving its mission:

Building girls of courage, confidence and character, who make the world a better place.
