Computer Specifications Information

The eBudde™ system has been tested on a variety of computer types and different web browsers.

**Approved web browsers:**
IBM Compatible – Microsoft Internet Explorer version 9.x and higher, Firefox 36.0 and higher, Chrome 38.x and higher.
Macintosh – Safari 7.1.x and higher, and Firefox 36.x and higher, Chrome 38.x.

**Approved computer specifications:**
Recommended Minimums:
2.0 GHz CPU - 2GB RAM
Recommended Systems:
2.5 GHz CPU - 3GB RAM

The eBudde™ system uses Microsoft Excel .xlsx for the printing of the reports. If you have users that do not have the Microsoft Excel program, a report viewer for IBM compatible systems can be downloaded from the following web address: [http://www.microsoft.com/download/en/details.aspx?displaylang=en&id=10](http://www.microsoft.com/download/en/details.aspx?displaylang=en&id=10)

The eBudde™ system can also print in Adobe PDF format. To download Adobe Acrobat, use the following web address: [http://get.adobe.com/reader/](http://get.adobe.com/reader/)

eBudde™ has scheduled time-outs at 1 hour of inactivity. eBudde™ will close out your session, logging you out if you have been inactive in the system for 1 hour.

Effective January 1st, 2015, eBudde™ will be updated to work on Apple iPads and Microsoft Surface devices.
Navigating the System

**Add More** - The “add more” button allows you to enter in additional rows on transaction tab product transaction form. You can activate this button by pressing the spacebar or clicking on it.

**Enter Key** – The enter key is used to complete a row on a page. It can also be used to complete a page when the page has only one button available on the page.

**OK** – The “OK” button completes a row on a page. This button tells eBudde™ you are done with the data entry on the row.

**Tabs** – The tabs available on the page allow you to add, change, delete or view information. These tabs are specific to the user access level. Council users see the council tabs, areas see the area tabs, service units see the service unit tabs, and troops see the troop tabs. Below is an example of the tabs. To select a tab, click anywhere on the tab.

**Tab Key** – The tab key is used to move from one box of information to another on all screens.
System Access

Every season, current users will be reset to a council default password. Your council will notify you of this password.

If you are a brand new user to eBudde™, you will be notified by your council or by email of your password. If you are notified by an eBudde™ email, the following information will be in the email:

- Web Address - https://eBudde.littlebrownie.com
- Email Address
- Temporary Password

We recommend you add https://eBudde.littlebrownie.com to your Favorites for easier access.

The login screen consists of four parts:

- Login information
- Updating contact information
- Forgotten password
- End User License and Privacy Policy
**Login Information**

**NOTE:** All eBudde™ users will be considered new users and have a new temporary password. Contact your council for further information.

Users who have already logged in previously this season will enter in their email address and **personal** password. Click the **Login** button or press enter to complete your login information. The system will then access your council’s information.

New users will enter in their email address and **temporary** password sent to you in the email from the system or by your council. Click the **Log On** button or press enter to complete your login information. The system will then direct you to the **Contact Information Page**. Once you have completed the contact information page, you will be given access to the system.

**New Security Requirements**

Temporary passwords only good for 24 hours.

The password requirements are as follows:
- Must be 8 characters long
- Must have at least one capital letter
- Must have at least one non-alphabetic character

There will be a strength meter to help create a strong password.

You will be required to answer four security questions.

Login attempt rules are as follows:
- Limit to five consecutive bad login attempts
- Account disabled for 10 minutes

Security questions:
- You can select your security questions from a drop down list
- You cannot use the same question more than once.
Current users – This form is available to make changes to your password, email address, security questions and personal information. To access this page click on the link provided on the login page.
New users – You will be required to fill out this form the first time you try to access the eBudde™ system. **You must change your password to something other than the temporary password.** All the information on this form is mandatory. Once you have entered in all the information, click the Submit button or press Enter. You will then enter the eBudde™ system.

**Forgotten Password**

A forgotten password does not require a phone call!

Users can now reset their own passwords. Click the link **click here** under the fourth bullet point.

eBudde™ will offer you two ways to reset your password. You either can have a temporary password sent to you or you can answer your security questions to reset your password.

To get a temporary password emailed to you, click the **Submit** button next to option 1.

To use the security question option, click the **Get Questions** next to the email address. Enter in the CAPTCHA code; Answer the two security questions, enter
in a password in the password box and re-enter the same password in the confirm password box. Click the Submit button. eBudde™ will tell you that you password is now changed. Click the Back to Login Page to login with this password.

**eBudde™ Password Recovery**

You have two options to recover a lost password:

Press "Get Temp Password" below. A temporary password good for only 24 hours will be emailed to you:

Email: becky.harrigan@Kellogg.com  Get Temp Password

OR

Answer the Captcha, then click "Get Questions" to load your security questions. Then answer the questions, enter a new password, and click "Change Password" below:

Email: becky.harrigan@Kellogg.com

Back To Login Page
Menu Bar

The Menu Bar provides additional support for you in eBudde™.

**Season drop down** - Allows you to see previous season’s data (if applicable)

**Quick Links** – This provides a list of additional links for easy access.
- **LittleBrownie.com** – This provides a link for you to go to the Little Brownie website that has additional resources.
- **VIP eTraining** – This provides a link to the VIP eTraining site that has cookie program and training resources.
- **Cookie Club** – This provides a link for you to go to the Little Brownie Cookie Club website where your girls can track cookie sales, send eCard promises and maintain their contact list.

**Log Out** – This allows you to log out of the system.
Navigation Tree

Once you enter the system, you will notice that the screen is divided into two sections.

The navigation tree will start with your service unit name and number. As you create your troops this tree will expand to list all your troops.

If you click this icon, you will refresh the tree. This is helpful if you are adding troops.
Service Unit Tabs

On the service unit level the following options are available using a tab method similar to file folders in a filing cabinet. To access a tab, click the tab name and the system will display the appropriate page.

<table>
<thead>
<tr>
<th>Dashboard</th>
<th>Contacts</th>
<th>Settings</th>
<th>Troops</th>
<th>Init. Order</th>
<th>Delivery</th>
<th>Transactions</th>
<th>Deposits</th>
<th>Rewards</th>
<th>Booth Sites</th>
<th>Reports</th>
<th>Help Center</th>
</tr>
</thead>
</table>

**Dashboard** – The dashboard gives you an up-to-minute snapshot of your troop’s orders, goals, financials and per girl averages.

**Contacts** - The contacts tab is used to view the service unit level users name, personal information, email and passwords.

**Settings** – The settings tab will allow a service unit to specify how the data will be entered for the service unit and to add additional service unit level users.

**Troops** – The troops tab is for adding, changing, and/or deleting troops.

**Init. Order** – The Init. Order tab is to verify troop cookie initial orders and submitting the troop/service unit order to the council. This tab is also used for service units using the “Fast Order Entry” which allows create troop totaled orders.

**Delivery** – The delivery tab is used by service units to select their service unit delivery station (if applicable)

**Transactions** - This tab is to move cookies from the service unit to the troops (if applicable) The service unit then can see their inventory for cookies.

**Deposits** - This tab is to view or enter troop deposits.

**Rewards** – The rewards tab is for service units to verify troop reward orders and submit order to the council.

**Booth Import (optional)** – This tab will allow a specific service unit user to upload council booth sites via spreadsheet

**Booth Sites (optional)** – This tab will allow service units to approve troop booth site requests.

**Reports** – The reports tab is for service units to print reports for cookie orders, reward orders, deposits and inventory transactions.

**Help Center** – The new Help Center will provide you additional information on the eBudde system.
Dashboard

When you enter the screen the system will display the navigation tree and the dashboard. The dashboard shows messages from your council staff or area manager (if applicable). It also will show you the current status of troop cookie orders, reward orders and financials. It will remind you of all the deadline dates for the current sale. These dates will include eBudde™ deadline dates and council-specific dates. There is a service unit checklist that will include eBudde™ items and council-specific items. eBudde™ will also let you know if there are any pending troop booth requests. There are also graphs on orders, goals and per girl averages. All of these graphs are printable using the Print Dashboard button.
Messages – Messages from your council will be displayed here. In addition, if your council has an area level, those messages will be displayed here as well.

Service Unit Checklist – the service unit checklist includes items to do in eBudde™ but also can include council-specific items

Pending Troop Booth Requests – Troops that have requested a local booth site will be listed here

Troop Status – This lists the troops in the service unit and how many packages they have ordered and if they have submitted their initial order. The package count gets updated throughout the cookie sale.

Financial Status – The financial totals for the service unit are listed here. The detail for this information can be found on the Troop Sales Summary report or the individual Troop Sales Report

Rewards – This will list the rewards currently ordered by the troop. The troop must submit the troop order for the numbers to be displayed on the dashboard

Order Totals Graph – Comparison graph for the service unit from last year to current date. The last season numbers can be found on the service unit settings tab. This season numbers come from the transaction tab for the service unit and the troops.

Calendar – The calendar will show eBudde™ deadline dates and council-specific dates.

Distance to Goal – Each troop will be displayed showing the goal that they set on the troop setting tab and the cookies that they have sold. In addition the service unit goal can be entered on the service unit setting tab and eBudde™ will calculate the packages sold by the troops to compare against the goal and is displayed on the dashboard.

Per Girl Average – This graph depicts the per girl selling average for the service unit which are the total boxes sold by troops on the initial order and service unit initial orders / girl selling from the troop setting tab. The goal number comes from the goals entered on the girl tab.
Contacts Tab

The information supplied on this screen was entered by you or set up by your council. To add or remove a contact you will need to select the Settings tab.

To email your troops, click the email Branch button. The system will display a screen with instructions and email limitations. Emails that you send through eBudde™ will be sent to you troop contact’s regular email box. There is no replying of email in eBudde™. You can send one or more attachments with your email as long as the total size does not exceed 5 MB.

To ensure that your recipients receive this email you may want to inform them to specify in their email system to allow the following email address as an allowable sender: do_not_reply@littlebrowniebakers.com

NOTE: If you add attachments, eBudde™ will not send attachments via email. eBudde™ will upload your attachments and send a link to the attachments via email to your selection. The links will be active for 45 days from date sent.

You can now designate if you want to email just those contacts labeled as Primary contacts you can check the box under Primary Only and eBudde™ will only email to those contacts. See page 19 on creating users as Primary contacts.

You will need to enter the CAPTCHA code to send the email.
Branch E-mail:

Calling all cookie communicators!

Please help us keep the eBudde™ system humming by using the best tool for the communication job:
1) For basic information such as policies and procedures, post files on your council's section of the VIP eTraining system. Volunteers can access them again and again without bogging down the system.
2) For alerts and timely reminders, use eBudde's™ in-system messaging. Now you can upload your file and the link will be sent to recipients. The attachment link will expire 45 days from the day of upload. Remember 'Branch email' is provided as a convenience to broadcast information to your branch of the council. Unlike the "Notices" system, email messages will only go out once per "send". Recipients will not be able to reply to this email.

When you use the best tool for the communication job, you help keep eBudde™ quick and lively for everyone. Thanks!

There are two troop contacts that may be available, Troop Cookie Pickup Only Users and Booth Sale Recorder Only Users.

If your council uses the Cupboard Keeper mobile app, you may specify additional cookie-pickup people which eBudde™ refers to as the Troop Cookie Pickup Only User. For example, if you have a parent picking up cookies for you and your council uses the Cupboard Keeper mobile app, you will need to add this person’s email in eBudde™. This user does not have access to anything in eBudde™ except updating their own contact information. Their email and password will be used by the Cupboard Keeper mobile app to verify that they are allowed to pick up cookies at the cupboard.
NOTE: As a troop leader or troop cookie chair, you are able to pick up cookies. DO NOT add yourself as a troop pickup person or you will LOSE ACCESS to the other tabs in eBudde™.

If your council used the Booth Sale recorder mobile app, you may specify additional booth sale recorders users. If you have an adult in charge of the booth site that is not in eBudde™ and you want them to record the booth site sales, you will need to add them in as a Troop Booth Recorder Only User. This will allow them to record the booth sales on the mobile app and/or in eBudde™. They will also be able to change their contact information in eBudde™. They WILL NOT have access to any of the other troop tabs in eBudde™.

NOTE: As a troop leader or troop cookie chair, you are able to record booth sales. DO NOT add yourself as a troop booth recorder only user or you will LOSE ACCESS to the other tabs in eBudde™.

Troop Number – enter the troop number
# Girls Registered (Optional) – the number of girls registered in the troop (will not be displayed if girl registration automation is turned on)
# Girls Selling (Optional) – the number of girls selling cookies in the troop (will not be displayed if girl selling automation is turned on)
Has Sales Goal: - if the troop set a sales goal, enter the goal in packages
Level: - Program Age Level of the troop
Proceeds (no rewards): - If this troop has the option of not receiving reward rewards and receiving additional monetary funds, click in this box.
Troop Contact E-mail: – You MUST enter an email address here.
Cookie Per. – Click the box if the contact email is for the troop cookie person.
Active - If this troop contact will be a user on the system, this box must be checked
Rec Email – If you want the troop contact email user to received the email confirmations, this box must be checked

Left-click Add to add the troop. Left-click Cancel to leave the page without adding the troop.
As you add troops, the system will update the navigation tree. You will also be allowed to change and/or delete troop information.

To change troop information or remove a troop, click on the **Troops** tab. The system will list the troops currently in the system.

**Edit** – The edit button allows you to change information about the troop and add new troop contacts.

**Delete** – The delete button allows you to remove the troop from the system. Your council may disallow this capability.

**Deleting the Troop**
Left-click the Delete button. The eBudde™ system will confirm that you want to delete the troop. Left-click the OK button to delete the troop. Left-click the Cancel button if you do not wish to delete the troop.

**Un-submitting Troop Orders**

Troops will submit their cookie and reward orders. You as a service unit can un-submit one or more troop orders for cookies and rewards. When a troop submits an order of any kind, the appropriate un-submit button will appear in the troop row. The example below shows that the troop submitted their cookie order but not any reward orders.

To un-submit a troop order, find the troop, click the appropriate un-submit button. The system will display messaging that the troop’s order has been unsubmitted.

Keep in mind that deadline dates are still in effect. So, if you un-submit an order after the deadline date for the troop to submit the order, the troop will not be able to re-submit. Also, once you submit orders to council/area, the un-submit button will no longer be available.

**CAUTION:** The troop’s order must be re-submitted prior to deadline dates to be included in orders to the bakery.
**Init. Order**

Format of the screen may be in **Cases** or **Packages** as directed by your council. One or more of the following options may apply for the initial cookie order:

- Verify troop orders
- Enter troop orders using the fast entry option
- Enter service unit order
- Submit service unit/troop orders to council

**NOTE:** If you will be entering troop cookie orders using the troop cookies tab, see Appendix A.

**Initial Order Page- Troops placing orders**

Instructions for service units once orders have been placed for troops by troops or the service unit at the troop level

All orders need to be reviewed by the service unit. The service unit can monitor this entry easily by looking at the initial order page. This page is where you verify the cookie orders by troop, add a service unit order and then submit your service unit orders to the council. Once you have submitted your initial cookie order you cannot change the order. **ONLY** council will be able to change the order at that point.
Printable Version – Left-click this button to print a report that shows the above information.

Submit Order – Left-click this button to submit your service unit order to your council. **NOTE:** You can only submit your order ONCE! If a change needs to be made, you will need to call council to make the change to an order.

The system will display the status of troop orders. In the example above troop 1251 has submitted its order. Troops 00003 and 00015 have not submitted their orders as designated by the * (asterisk).

If your council designates your role to key in a service unit order, you would key that information here. **NOTE:** This service unit order must be keyed in immediately before submitting your order to council. To key that information you will do the following:

1. Left-click on your row labeled by the letters SU and your service unit number.
2. Left-click on the row at the bottom of the page right above the total row. This row will highlight.
3. Enter the quantities for your order. You move through the columns using the tab key. After you have completed all the varieties, press the enter key to enter the order.

Initial Order Page – Service Unit keying total troop order
Instructions for service units keying in troop orders in total cases using the fast entry method.

All orders need to be reviewed by the service unit. The service unit can monitor this entry easily by looking at the initial order page. This page is where you enter the cookie orders by troops, add a service unit order and then submit your service unit orders to the council. Once you have submitted your initial cookie order you cannot change the order. **ONLY** council will be able to change the order at that point.

---

**Printable Version** – Left-click this button to print a report that shows the above information.

**Submit Order** – Left-click this button to submit your service unit order to your council. **NOTE:** You can only submit your order ONCE! If a change needs to be made, you will need to call council to make the change to an order.

**Save** – Save your entries of troop orders.

To enter in troop orders you click on the line with the troop number you will be entering an order for. Click on the first entry box at the bottom of the screen. Enter in the cookie order by tabbing through the line. Once you have completed entering the order, click the enter button. The system will display the troop order next to the troop number.

The system will display the status of troop orders. If an order for a troop has not been placed the troop number will be preceded by an * (asterisk).

**Initial Order Page – Service Unit keying service unit order**
If your council designates your role to key in a service unit order, you would key that information here. **NOTE: This service unit order must be keyed in immediately before submitting your order to council.** To key that information you will do the following:

1. Left-click on your row labeled by the letters SU and your service unit number.
2. Left-click on the row at the bottom of the page right above the total row. This row will highlight.
3. Enter the quantities for your order. You move through the columns using the tab key. After you have completed all the varieties, press the enter key to enter the order.

The example below show how the page will look for entering a service unit order for service unit 673.
**Delivery Tab**

If a service unit has a cookie order, they would need to select a time for their cookie pickup and possibly a delivery site. This is done on the delivery tab.

Left-click the **Delivery** tab. The system will display the following page.

---

**Will you be picking up for other troops?** – If you pick up for other troop, click in the yes radial. The system will display boxes to enter the troop number(s) for the troop(s) you are picking up for. If you are not, click in the no radial.

**Select your delivery station.**

Click the time slot that you want.
Click the **Submit My Info** button.

**Transaction Tab**

This area is used if the service unit needs to record transactions for cookies from the service unit to the troops. You can then view your current inventory status displayed on the page. Transactions originating at the cupboard may be done by designated council staff or you may be authorized to do them. You will use this form at the service unit level only if you have cookies you distribute yourself.

Left-click the **Export** button to export to an Excel compatible format.

Left-click the **Save** button to save the information you have keyed on the page.

**NOTE:** Transactions will be displayed as determined by your council – Cases or Packages
Navigating the Transaction Form
The columns on this page listed from left to right are as follows:

**Receipt** - This is the receipt code for the transaction (eBudde™ will automate this number for you)
**Pending** – The status of the order as pending to the cupboard, yes or no
**Type** – A reference for your council
**Date** – This is the date of the transaction
**2nd Party** – This is whom the cookies are going to or coming from
**SvSm** – Savannah Smiles
**Tre** – Trefoils
**DSD** – Do-Si-Dos
**Sam** – Samoas
**RRR** – Rah Rah
**Tag** – Tagalongs
**TMint** – Thin Mints
**Total** – Total of all varieties

You will notice that there is a sign before each of the column headers. This allows you to sort the records in whatever order you prefer. The system default is by date. Clicking on the sign will activate, deactivate or change the sort type:

- ▼ Sort from smaller or earliest to larger or latest
- ▲ Sort from larger or latest to smaller or earliest
- ► Not sorted by this column

**Column Filter** – The column filter allows you to search and selectively display by any of the columns available. The default is No Filter. This will display all transactions. You use the drop down box to select your search/display column. In the **Low and High** boxes you enter the range that you want to see displayed on the page. Tab through the boxes and hit tab after entering the information in the High box.

**Page** – the transaction tab is displayed in pages. There are 15 rows to a page which may require using the scroll bar to the right to see all rows. You will see the most recent page of transactions. To see past transactions, click the dropdown next to the label **Page**. Select the appropriate date range. The system will refresh and you will see that page. The range currently displays date. That is the default. If you select a different sort like receipt number, the range will change to display receipt numbers.
Create a product transaction

To create an inventory transaction, left-click the Add a Transaction button. The system will display a product transaction form.

**Transaction Date** – enter the date of the transaction. The system will default to the current date.

**Type** – Select type of transaction.
- Normal – Transaction with no specific designation
- Booth – Transaction is for a booth sale
- Adjustment – Transaction type for corrections *(This option available at council discretion)*
- Return – Transaction for return of cookies *(This option available at council discretion)*

**Receipt** - this is a fifteen character alphanumeric field that you may use for reference to the transaction. eBudde™ will automate a receipt number for you. You may override this number with a council receipt number by keying in the box.

**NOTE:** if eBudde™ assigns a receipt #, once the transaction is saved, you cannot change the receipt number. If it is incorrect, you would need to delete the transaction and re-enter.

**Second Party:** - this refers to the other party that is getting the cookies, bringing back the cookies, etc. Is the transaction you wish to enter with a cupboard, another service unit or a troop? You would select it by clicking the drop down or typing in the first letter. You then enter the number of the second party – troop number, service unit number, cupboard number.
Drop down: You have two options. Remove Product or Add Product - If cookies are being added to your cupboard, click Add Product. If cookies are being removed from your cupboard, click Remove product.

Enter the quantities of product in either cases, packages or both. The system will total the information for you so you can verify accuracy.

Additional Info: Lets you know if any varieties are unavailable. The variety data entry box will be greyed out.

Hours of Operation: Lets you know what days and times the cupboard you selected is open.

Contact Info – This information allows the other party to contact you if needed. eBudde™ will pre-fill this information with your contact information.

This button allows you request an eBudde™ automatic receipt number. You would use this button if you accidently started keying in the receipt number box but would like eBudde™’s automated number.

Save/Print – This option replaces the button previous labeled Receipt. But it does work a little differently. If you press the save and print, eBudde™ will do two things. It will actually save the record to the database. Which means you will not have to click save on the summary grid screen. The second thing that will happen is that the receipt will be displayed in another browser window ready to be printed.

Okay - to save the transaction to the summary grid. This does not save it to the database. Once you are at the summary grid, you will have to click save to save all the transactions you have entered.

Cancel to leave the form without saving.
Create a Pending Order Request for a Cupboard (Optional)

A service unit can create a pending cookie order request for a cupboard on the transaction tab. If your council has this option available, the order is created automatically if the following options are selected on the product transaction form:

Second Party: Cupboard is selected and a cupboard number is entered
Add/Remove Drop Down: Add is selected

When you click Okay and the transaction is displayed on the grid, you will see a yes under the pending column.

Your council determines the timing of when the transaction is locked. It can be locked immediately upon saving or is locked when the cupboard manager locks in by unchecking the pending box.

If a cupboard has entered their hours of operations in the system, these hours will be viewable under the Hours of Oper. Header. If a day is missing as above – no Sunday, the cupboard is closed on Sunday. You will see these hours once you have selected the cupboard.

A cupboard can also require that the pickup date and time be within the hours of operation. If you try to schedule a pickup time that is not within that timeframe, the system will give you a transaction error message. You will not be able to save the transaction until you enter in a valid date and/or time.
Additional info: Lets you know if any varieties are unavailable. The variety data entry box will be greyed out.

Hours of Operation: Lets you know what days and times the cupboard you selected is open.
**Deposits Tab**

The deposits tab will allow you to view all the deposits credited to your troops. If your council allows, you can also enter the deposits that your troops have made to the council.

As you enter deposits they will be displayed on the screen. You can **Add**, **Edit**, or **Delete** deposits. You can also selectively search to display only specific deposits.

**Adding Deposits**

Click the **Add Deposit** button.
Select the bank, enter date, reference number (optional), verified (unavailable for service units) troop number and amount. Use the Tab key to move across the page. Press Enter to complete the line entry OR use the Add More button to key additional deposits.

**Date** – You must enter the date in this format mm/dd/yy. Each deposit must have a date.

**Reference Number** – Reference is used to annotate the deposit. This entry is optional. Possible uses for this box is to comment on the deposit, to specify which bank the deposit was made from, to enter a encoding number.

**Troop** – Enter troop number

**Verified** – Unavailable to service units and troops. Verification can be done by councils only/

**Amount** – the amount can be a positive or a negative. You do not have to enter in the cents if it does not apply.

**OK** – Click OK or press enter to move the deposit to the grid so that it can then be saved.
Navigating the Deposit Information Page

As you enter deposits, the system displays the deposits using a scrolling feature. To facilitate making changes there are several methods to navigate to the information that you need. You will want to use the method that best fits what editing you are trying to do.

Scrolling

Deposits are displayed in the order keyed by default. You can scroll through the deposit pages by using the scroll bar located to the right of the deposit page.

Sorting

You can sort the deposits in any order that will be show you the deposits in that particular order.

▼ Sort from smaller or earliest to larger or latest
▲ Sort from larger or latest to smaller or earliest
► Not sorted by this column

Search and Filter

Column Filter – The column filter allows you to search and selectively display by any of the columns available. The default is No Filter. This will display all transactions. You use the drop down box to select your search/display column. In the Low and High boxes you enter the range that you want to see displayed on the page.

Editing/Deleting Deposits

All boxes can be changed. To make changes by left-clicking your mouse in the box you want to correct and making the changes. You can also delete the deposit by pressing the Delete key on your keyboard. Deletions and changes can be made at the same time. Once you have made all your changes, left-click the Save button to save your changes.

Exporting the Deposits

Click the Export button to export the deposits. The system will display a screen and instruction you to click File, Save As to save the deposits.
**Rewards Tab**

Reward orders are entered at the girl or troop level. The service unit role is to monitor the entry of reward orders and submit the order to the council. Your council may or may not designate that your council will have an initial order.

Order Type – Initial order type is an option that may or may not be available as it is a council option. If you have both types, you may select which type you will be verifying and submitting to council.

Review Rewards Order – This will create a report for the rewards that have been entered into the system. This report can be saved and printed. You **MUST** verify the accuracy of this report before proceeding. If you need to make changes, **DO NOT** make them on the report. Go back to the troop reward order form to make the changes.

Update Shipping Address – This option may or may not be available. If available, the service unit must enter in the shipping contact name address. This information is used by the bakery warehouse to ship the items to the service unit.

Submit Rewards Order – Once all troop reward orders have been verified, click the button. This will send your verified rewards order to council. The system will verify that you want to submit your order. Once you have submitted your order, you will not be able to make any changes, only council will.
**Booth Sites Tab**

The booth sites tab is an optional tab that councils will provide for service units to be able to approve troop requests for booth sites that are not council sites. You can also approve on the troop level, however this allows you to view all your troop requests.

If there are no booth sites to approve/deny, the following message will be displayed:

If you have requests to approve/deny, the screen will display as follows:

You can approve, deny, make pending by using the drop down box. You can also enter in comments about your selection that is visible to the troop on their level.

If two troops are requesting the same site on the same date and timeframe, you can see who requested the site first by reviewing the date and time under the Status/Submitted column.
Booth Import Tab

The council can select service unit users that they want to be able to upload council sites via a spreadsheet. The tab will only be visible if the service unit user has that additional role.

The user can get the spreadsheet templates from the council. The format must be an Excel .xlsx file format. The template cannot be changed for mandatory column headers. The INFO tab on the template helps explain the information that is mandatory and optional. Follow the format stated above to ensure accuracy.

Once the spreadsheet is created, you will need to browse for the file on your computer and click the Queue Import Job. eBudde™ will send you a message via email if there are any issues or if the spreadsheet imported successfully.

If eBudde™ finds an error in the spreadsheet, none of the sites on the spreadsheet will be imported. You will be required to fix the issue and submit for import again.

NEW FEATURE: We have a new option labeled Return Error Spreadsheet – This new feature allows you to import correct records and to have eBudde™ export error records to a spreadsheet. So if you upload a file of 100 records and 2 records have errors, eBudde™ will import 98 records and not import the 2 records. It will create the error spreadsheet with those two records and the error message that is downloadable from the jobs tab.

You can verify your sites via the troop signup detail report.
Reports

This section will allow you to print reports for your service unit. We currently have nine reports. New reports will be added to the system. Left-click View Report to open the report in a Microsoft Excel downloadable window. All Excel reports will print in XLSX format.

Some reports due to the length of time to create may require regeneration. You will click the Regenerate button. eBudde™ will tell you that it sent the request to the queue. You will be sent an email when the report is ready. You can then click the XLSX or PDF button to print.

The system will display a box to open the report or save it to your computer. The format for both is a Microsoft Excel Worksheet.

If you want to know the details of the report, click the link labeled Descriptions of these Reports. It will bring up a list of the reports with additional details of information that is on the report and the purpose of the report.

You can now run some reports as Exportable. Exportable reports allow you to run reports in a fashion that puts all information in columns to facilitate sorting or simple data dumps. See example below of the service unit recap.

Appendix A – Troop Cookie Ordering Methods on Troop Level

As a service unit, your council may require you to enter troop orders using the troop cookies tab. There are two methods for troop ordering. You will be directed by your council as to the method you are supposed to use.

Ordering with Booth and Girl Totals

Click on the initial order tab located on the right side of your screen.
There is a new row labeled **IMPORTED**. This row may contain data that your council uploaded for you. It is not editable by you the troop but is editable by the council. See your council instructions on this row on the initial order tab.

Click on the word **OTHER**. This line is for the total of GIRL orders. The system will highlight the line. Click in the first input box at the bottom of the page, the line will highlight. **NOTE: GOC column(s) is not available for other sales.**

Enter the cookie quantities for the girl orders. Tab through the boxes and enter your cookie quantities. The system will show you the total. Verify the total and press enter or click the **OK** button. The system will move the numbers to the **OTHER** line.

If so designated by your council, you can also enter the troop’s booth order. Click on the word **BOOTH**. The system will highlight the line. Click in the first input box at the bottom of the page, the line will highlight. **NOTE: GOC column(s) is not available for booth sales.** Tab through the boxes and enter your cookie quantities. The system will show you the total. Verify the total and press enter or click the **OK** button. The system will move the numbers to the **BOOTH** line.

The system will display the completed order.

To change any information, click the row that needs to be changed. The data will be displayed on the bottom input row. Click anywhere in that row to make changes.
You must click the **Save** button to save your information. The system will display that it is saving the information.

To print the order, click the **Printable Version** button.

**Submit Order** – This button is used to submit a troop order to the service unit. You must still click this button for the service unit to know that this order is done. The system will confirm that the troop order was submitted on the screen and send you an email.

**NOTE:** You can only submit your order once. If you have changes after you submit, you will need to contact your service unit cookie manager.
Ordering by Individual Girls

Click on the init. order tab located on the right side of your screen

NOTE: Girl level ordering must be done in packages. If your council participates in the Gift of Caring or similar program with a different name, you will see that column labeled appropriately.

Click on a girl name in the list. The line will highlight. Enter the quantities in the boxes at the bottom. Tab through the line and enter the cookie quantities needed for the girl. Hit the enter key or the OK button.

NOTE: The girl order totals will include the Gift of Caring numbers, the totals at the bottom of the page, will not include the Gift of Caring numbers as the Gift of Caring column is not part of the physical order.

There is a new row labeled IMPORTED. This row may contain data that your council uploaded for you. It is not editable by you the troop but is editable by the council. See your council instructions on this row on the initial order tab.
You can also enter orders for booth or other as directed by your council.

Click on the word OTHER. The system will highlight the line. Click in the first input box at the bottom of the page, the line will highlight. **NOTE: The GOC column is not available for the other row.** Tab through the boxes and enter your cookie quantities. The system will show you the total. Verify the total and press enter or the OK button. The system will move the numbers to the OTHER line.

If so designated by your council, you can also enter the troop’s booth order. Click on the word BOOTH. The system will highlight the line. Click in the first input box at the bottom of the page, the line will highlight. **NOTE: The GOC column is not available for booth sales.** Tab through the boxes and enter your cookie quantities. The system will show you the total. Verify the total and press enter or the OK button. The system will move the numbers to the BOOTH line.

You must click the Save button to save your information. The system will display that it is saving the information.

To print the order, click the **Printable Version** button.

**Submit Order** – This button is used to submit a troop order to the service unit. You must still click this button for the system to know that this order is done. The system will confirm that the troop order was submitted on the screen and send you an email.
NOTE: You can only submit your order once. If you have changes after you submit, you will need to contact your service unit cookie manager.
Appendix B – Troop Reward Ordering Methods on Troop and Girl Levels

As a service unit, your council may require you to enter troop orders using the troop rewards tab or by individual girl. You will be directed by your council as to the method you are supposed to use.

There are two methods of entering in rewards. The rewards tab is for troops placing a compiled troop reward order. You may also create reward orders by girl.

### Troop Rewards Order Forms

**Initial Rewards Order**

**Final Rewards Order**

Enter in the quantities for the troop reward order. Tab through the boxes. Click the Submit Reward Order to submit the order to the service unit. Click the Return to Report List button to return to the previous screen.

Individual Girl Reward Order
The eBudde™ system automatically will calculate the girl orders based on their boxes sold under the Girl Orders tab. The only thing you will have to do is enter sizes (if appropriate), verify totals and submit your order.

NOTE: The Initial Rewards Order option may not be available. This is an option that can be selected by your council.
For this example we will be working with the Final Rewards Order. The View button allows you to see the rewards order. The Fill Out button is for entering the girl and troop order.

If you need to enter information for a girl order, the system will tell you. eBudde™ will point that out to you by highlighting a message in red saying (size/catalog selection needed). Once you have submitted the girl’s order, eBudde™ will display the message in green. (size/catalog selection done). You can now edit all girl orders at the same time or click each girl individually. To update a specific girl you:
Click the girl’s name.
The girl screen will vary based on your council reward program. There may be more/less levels. There may be choices to pick one item over another. See your council for specifics on your reward program. Enter the size for the t-shirt or make a choice if necessary. Click the Submit Girl Order button. If you do not want to submit the girl order, click the Cancel button. The system will now remind you to submit your troop order after submitting a girl order. There will be messaging displayed for you as a reminder.
OR you may now click the Edit All link.

When you click the Edit All link, eBudde™ will display all the girls in the troop and their boxes sold and t-shirt sizes. It will then list the rewards the girl has earned. If there are choices or sizes, you will select all those selections for all the girls before you submit.

Once you have updated all the girl rewards and submitted, eBudde™ will show that the selections were completed.

Cancel – this button returns you to the screen where you can view or fill out. Submit Reward Order – This button submits the troop reward order to the service unit. Once you click this button, the reward orders for girl and troops cannot be changed by troops only by a service unit user.
Appendix C – Troop Sales Report

The sales report reflects all transactions for the troop in the system. It includes the initial order, any additional orders, deposits and the calculation for troop profit, council monies and balance due. All Gift of Caring numbers will be pulled from the Girl Order tab. No data entry will be necessary on the Troop Sales Report. Council sponsored Gift of Caring will be displayed under Packages Received. Troop Gift of Caring boxes will be displayed on the right under PGA Registered.
