Due to COVID-19, troops are to wear masks and have hand sanitizers at booths all time unless stated otherwise by Council. COVID-19 is an extremely contagious virus that spreads easily through person-to-person contact. As with any social activity, participation in Girl Scouts could present the risk of contracting COVID-19. While GSACPC attempts to take every safety and preventative precaution, GSACPC can in no way warrant that COVID-19 infection will not occur through participation in GSACPC programs.
