WORDS ROCK

What has 100 tiles...225 squares...a multi-colored board...and millions of fans of all ages, backgrounds and locales? The answer, of course, is SCRABBLE® Brand Crossword Game, which took America by storm in the early 1950s-and has continued to grow in popularity.

It all began when in 1931 an out-of-work architect named Alfred Mosher Butts translated his lifelong love of crossword puzzles into a board game. After studying existing games, he realized that games fell into three categories: Number games like dice and bingo, move games such as chess and checkers, and word games like anagrams.

Mr. Butts, attempting to create a game that would use both chance and skill, combined features of anagrams and the crossword puzzle-and called his new game “Criss Cross Words.” Today the game is in over one hundred million households worldwide and about two million sets are sold each year. Starting in 1991, the National SCRABBLE® Association began the School SCRABBLE® Program. In May 2007, Girl Scouts AZ Cactus Pine Council sent the first troop to be represented at the National School SCRABBLE® Championship where 100 teams of students in grades 5-8 gathered to compete to see which team is the best.
